

# The Parkside Weekly

Friday 7th February 2025

<b>Monday 10th February</b>	Wonderdome—Planetarium
<b>Tuesday 11th February</b>	KS2 VR Workshop
<b>Monday 10th—Friday 14th Feb</b>	SEN meetings
<b>Friday 14th February</b>	School closes

We are looking forward to next week in school—it is theme week. Our week is all around sustainability and the planet. We will be engaging in some non-fiction work to study all things related to space too! There will be a range of tasks next week and experiences to help enrich your child’s understanding. School councillors will also be proposing ideas to reduce plastic waste in school. We are also heavily investing in replacing lighting in school to switchover to full LED lighting, to reduce our energy consumption and reduce our carbon footprint. This was a big target set from our eco project in Y6 before Christmas.

### Attendance Information

**Our school attendance target:** 97%      **Last week’s attendance:** 96.8%      **This year’s attendance:** 95.76%

The class with the **highest** attendance last week was: Y1—Beech

The class with the **best punctuality** last week was: Y6 - Willow

The class with the **most improved** attendance last week was: Y1—Beech

**Please remember how important it is for children to be arriving at school on time and attending every day.**

### **Mental health practices in school:**

School are looking to review of offer for the development of the whole child, and are working alongside the leaders of another trust school to review current offers for personal development. We have exciting innovative proposals to put forward to reshape the educational offer at Parkside. We are excited to massively develop the holistic education we offer to the children—so watch this space for future updates!

Please also keep an eye out for future dates to invite you into school to support your understanding of mental health practices and current research/information available.

## Assembly

Assembly this week focused on launching our Class Charts behaviour recording system. The children have reviewed the screen and seen the positive and negative behaviours. We have discussed how this will work in practice, to replace the sheets we used in class before. I have enjoyed visiting classes to celebrate reaching high positive points thresholds!

## Achievements

### Reception

Reading— Arthur

Writing— Sophie

Maths— Harry

Listener— John

Independent Learner— Reeva

Handwriting— Harper

### Y1

Reading— Maysa

Writing— Robin

Maths— Maisie

Listener— Phoenix

Independent Learner— Amelia

Handwriting— Igor

### Y2

Reading— Brody

Writing— Isabella

Maths— Ali Akbar

Listener— Harry T

Independent Learner— Sienna

Handwriting— Grace

## Key changes

**We are excited to announce the opening of our 'Pod' provision for children next week. We will be discussing the way this operates next week in SEN reviews.**

**Our Class Charts implementation is going well, and we are currently adapting the listed behaviours on here as they arise. Thanks for the patience and understanding in us needing time to embed this and get it right before we release it to yourselves for reviewing your child's choices.**

**Next week, our SLT are meeting to review our curriculum offer—with some exciting wild-card options coming to the table for discussion!**

**Digital school consultation—this is still open until next Friday. Thank you for submitting responses, see separate letter for more information, which responds to questions already coming from these responses.**

## Arbor

**We are looking to transition fully to using Arbor for payments and communication. Please make sure you have logged into your account and have access to this. Download the app too! Please prepare to make all outstanding payments on SchoolMoney.**

**Ready**

**Respectful**

**Responsible**

# CALVERLEY UTD U10 GIRLS ARE RECRUITING!

*If you're interested in joining a fun, friendly & welcoming club then please get in touch!*
