Key changes

Class Charts—You will be delighted to hear that the parent portal for Class Charts will be opened from Monday. We will send letters and logins to you so that you are able to register accounts and find out all about your child's choices. We have pre-programmed some alerts for you, so you will automatically receive messages to share both positive messages in addition to receiving information where we need your support with less desirable choices.

From Monday, we are also launching our new playground rota at lunchtime, with different games on different days. I have attached maps of the playground to show what is available each day. On Thursday, children are able to bring a 'small world' toy of their own for use on this day. These must be safe choices. Please do not choose items which are special or expensive—as we are not liable for any damage/loss of items children optionally bring in.

Arbor

Arbor is up and running!

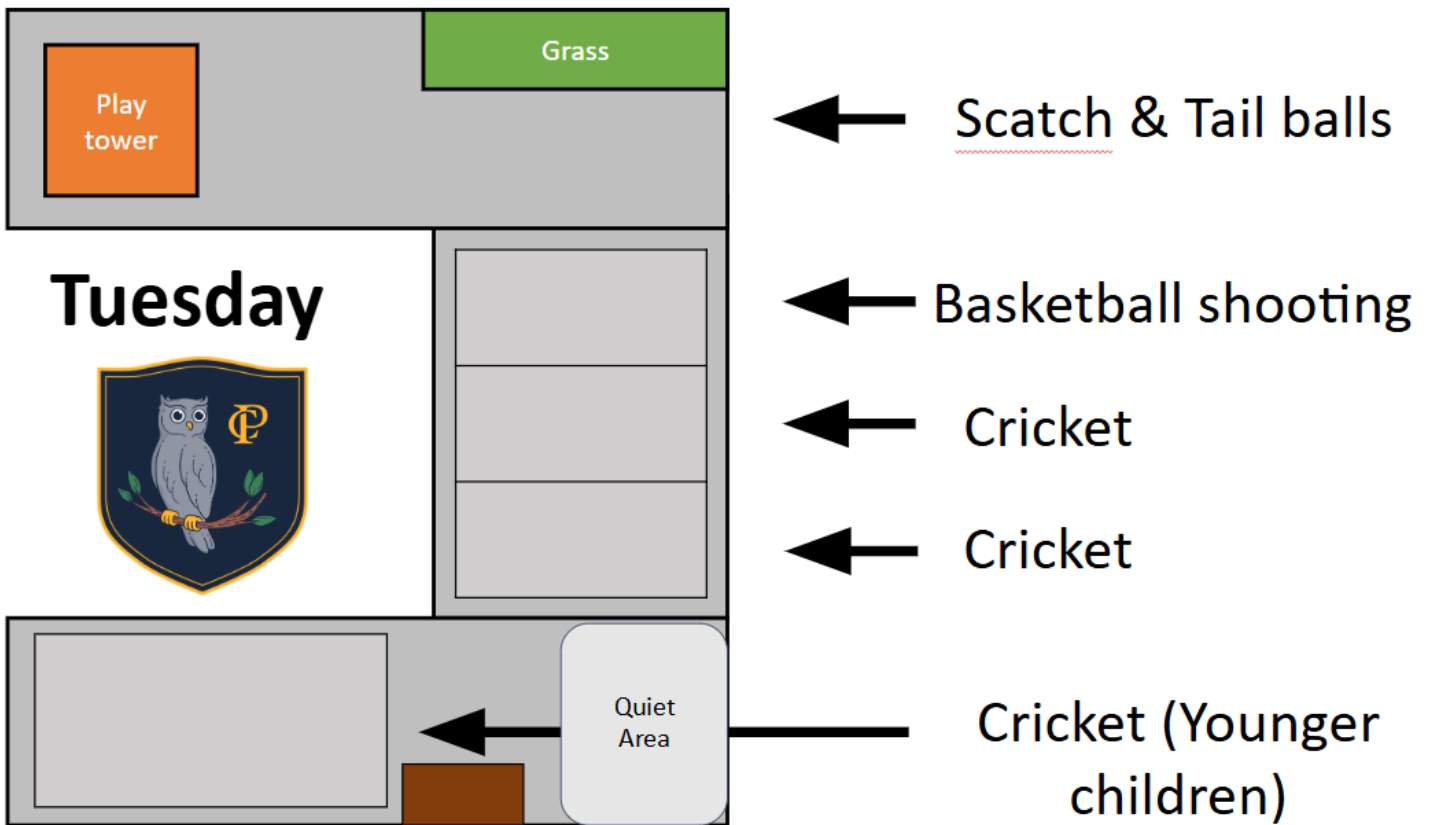

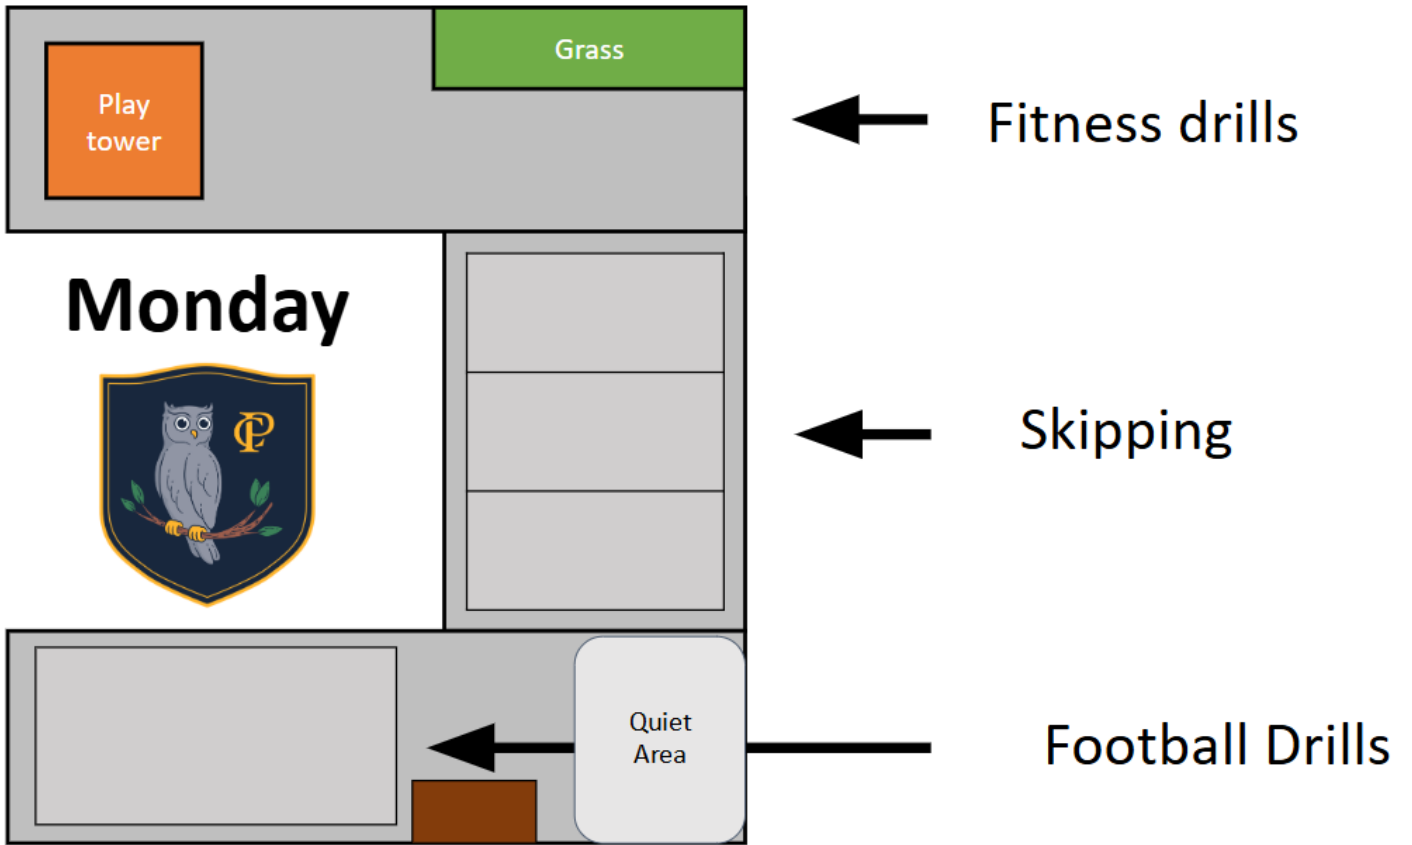

Please make sure you are able to access.

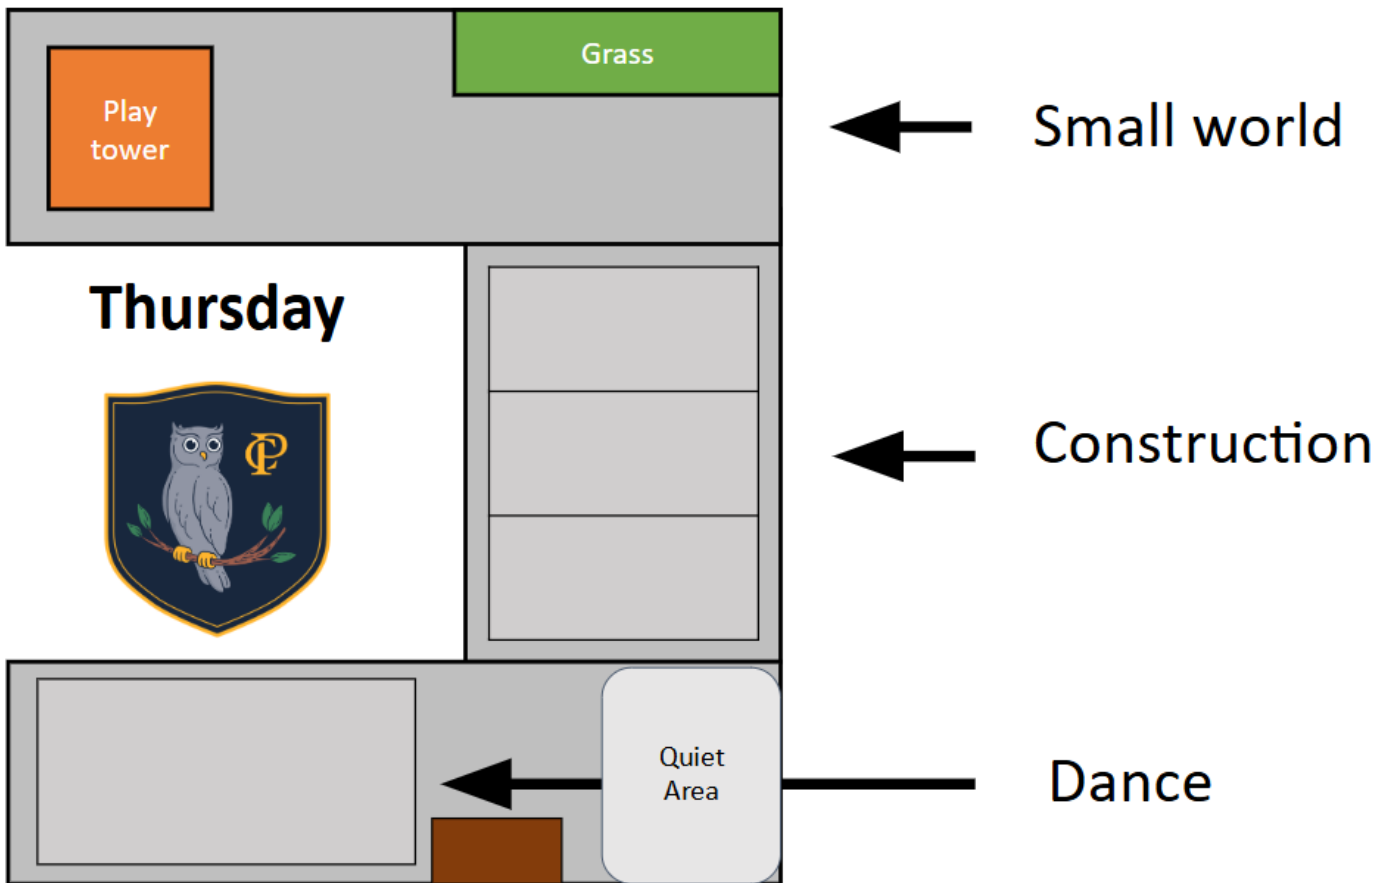

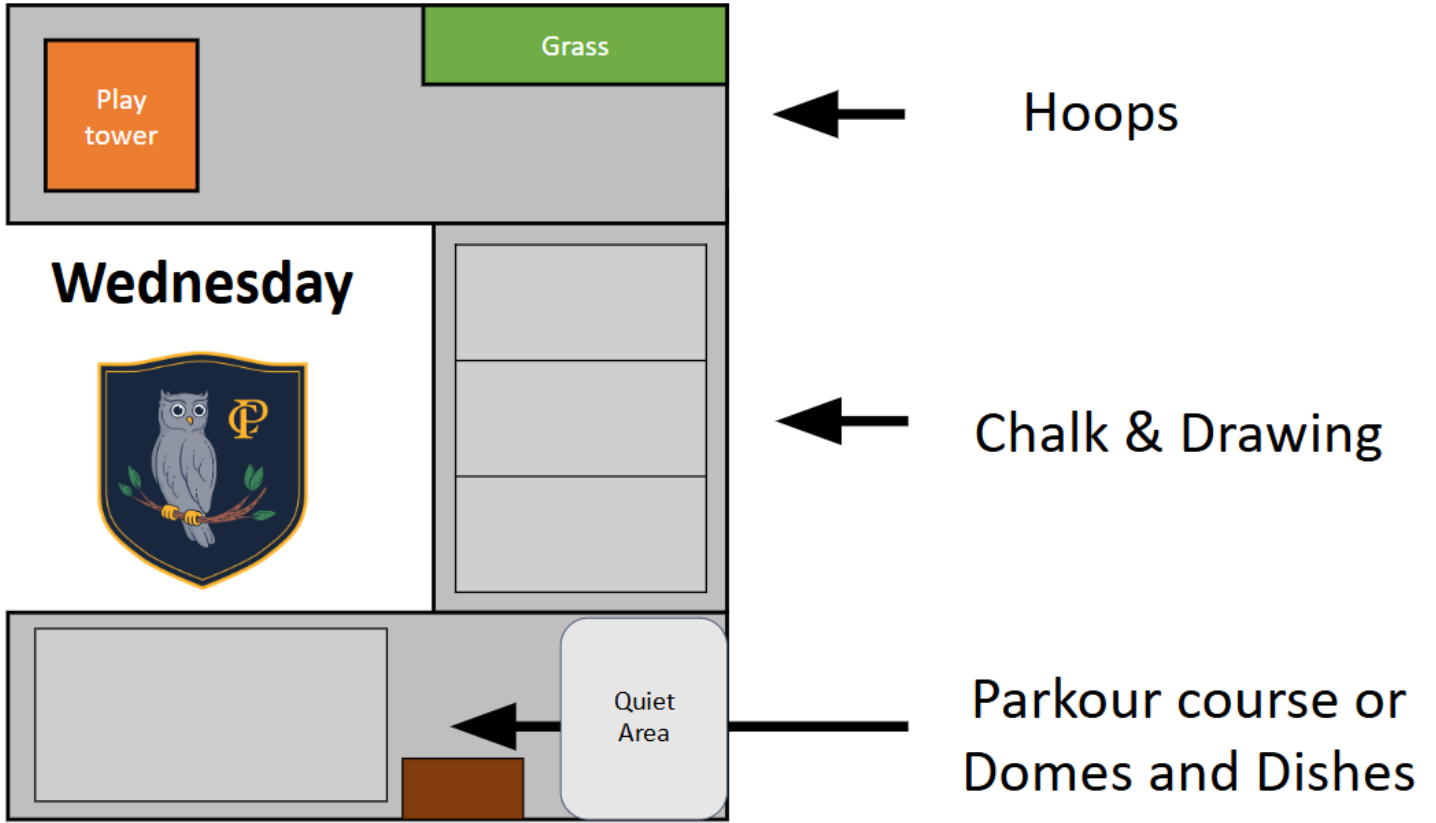

This will include attendance information for your child—we no longer issue attendance registers to you, so please do make sure you log in. Attendance letters if you fall below the thresholds of attendance (93%, 90%) will be issued.
